ZILANI UDDIN

WORDPRESS DEVELOPER & DESIGNER

ABOUT ME

Hi! I'm a passionate WordPress Developer and Designer. Since 2023, I've worked with 200+ local and international clients, creating modern, high-converting, and mobile-friendly websites. I love taking on complex web design challenges and making sure my clients get the exact results they need—always delivered right on schedule.

EXPERIENCE

Lead WordPress Developer (Freelance)

2026 - present

- Developed 200+ custom websites for US, UK, and Bangladeshi clients across diverse industries including Healthcare, Clinical Research, Education, E-commerce and Construction.
- Built fast, fully responsive, and SEO-friendly sites focused on solving client challenges and driving real business results.
- Managed projects from design to final launch, always delivering high-quality work strictly on schedule.

WordPress Web Designer & Developer (office Job)

2025 - 2026

- Created specialized websites for overseas clients—like patient booking systems for hospitals, data platforms for clinical research, and sites for schools & construction firms.
- Focused on clean UI/UX, mobile responsiveness, and high conversion rates to match exact business goals.

Web Development Professional

2023 - 2024

- Earned a Professional Certificate in Web Development from Coursera (2024), strengthening technical standards in site architecture and optimization.
- Applied industry best practices to build secure, scalable WordPress platforms for global clients
